Playground & Surplus

The PTO Board determines how to allocate any surplus in our budget. We currently have reserves for the Playground and Technology. Any remaining surplus is part of the general Surplus.

Playground Fund: \$110,183

The general Surplus is used to fund unexpected costs (i.e. flood in the library), and used to support our cash flow when expenses come in before income. It can also be allocated to specific funds such as technology and playground.

2011-2012 General Surplus: \$18,863. In 2011, the PTO Board allocated \$16,000 of the \$30,671 Surplus to the Playground Fund, leaving a balance of \$14,671. We also have Prior Year Surplus \$4,192.
